

June 15, 2016

Our guest speaker this week was Emma-Jean Woodward from the City of Dearborn telling us all about the state of “youth art” in Dearborn. I misplaced the literature she passed out and my memory is shot to shit, but I think the program was called “Points of Perception” (or was that a Ronald Regan Program); anyhow these kids are taking old doors and what ever else they find laying around and making it into art. At the same time they’re leaning techniques they can use the rest of their lives. Nice to see something lasting coming from our donations.

The rest of the evening was a bit foggy, I believe while I was distracted a pervert slipped the date rape drug in my coffee. If not for my keen military training where I purposely developed immunity to a variety of poisons I might have found myself naked and battered in the ally behind the building.

Anyhow, even in my diminished mental capacity I did pick up a few tidbits during the evening.

Kerry’s wife Rosemary is recovering from a difficult birth of twins; please keep her in your thoughts.

Mike Marxer is preparing for his duties as a delegate for Michigan at the Democratic National Convention where he will carry the banner for Hillary in the opening ceremony.

Dr. Paul Goerke has been asked to appear in a government film explaining the advantages of Obama Care and making the case for expanding the coverage to include large barnyard animals.

Larry Jackson has discovered that he was actually adopted and his biological relatives lived in Wisconsin during the Civil War where they actively fought for and supported the Union.

Frank Purrington was seriously considering going Transgender till he found out he’d have to replace all his undergarments.

And lastly, Pat Richardson has racked up enough frequent flyer miles on UFO’s to qualify for a three day weekend in the Mars “Dark Side” Resort Hotel, where eyelids are optional.

On July 6<sup>th</sup> our club will be having its regular meeting at Penrickton Center for Blind Children. We will be having our dinner there, which we will pay for, but all monies taken in that evening will be given to Penrickton as a donation. Please bring a friend, neighbor or acquaintance to this event. Penrickton is a “One of a Kind” facility for the care of children 2 to 12 years old that are blind and have at least one other handicap. The tour they will give us is wonderful and heartbreaking at the same time; you can’t help felling good about what this facility does for these children.

As you may already know Penrickton does not charge the parents of these children, they ask for and get no government funding; they operate totally on donations from individuals and groups like ours and are always in need of supplies for the children. Skip Armstrong is on the Board of Directors of Penrickton and has given us this months “Special Needs List”, items they need on a daily basis. We are asking our members to try and pick up one or

more of these items and bring them with them on July 6<sup>th</sup> to Penrickton. If you can't make it that night bring these items to our June 22<sup>nd</sup> or 29<sup>th</sup> meeting and we will get them to Penrickton, but please bring something. Make a trip to Costco or Sam's Club and throw something extra in the basket for the kids, you'll feel good about it and it will defiantly help. Large quantities are very welcome.

Penrickton Special Needs List:

Canned Pears  
Canned Pineapple  
Canned Peas  
Applesauce  
Pudding Cups  
Canned Carrots  
Canned Mixed Vegetables  
33 Gallon Garbage Bags (unscented)

July 6<sup>th</sup> – Penrickton Center for Blind Children, 26530 Eureka Road, Taylor, MI 48180, between Beech Daly and Inkster Roads. 6 pm, please bring something on the “Special Needs List”.

July 20<sup>th</sup> – Cookout at Adrienne & Wess house, 500 Mohawk Street, south of Cherry Hill. Booze, Beans and Mystery Meat Surprise.

My favorite thing about the Internet is that you get to go into the private world of real creeps without having to smell them.
