

June 24, 2015

It was Sandwich making night, and it seems that some people who said they were coming to help make sandwiches for the NOAH project, either forgot or didn't make the effort to show up and help.

Anyway, President Marxer got the meeting started, as he was the only officer at the head table.

2nd V.P. Michalak and Pat Richardson, were excused, as they were at the Kiwanis Convention, representing the Kiwanis Club of Dearborn. I'm sure they will give us a report at the next meeting. I sat with the two keyclubbers (Jonathon & Daisy) who showed up to help us. Since Al Holmes wasn't at the meeting-President Marxer 1st fined everyone who didn't come 1500 miles to help out, as Damon Marxer did, by riding his bike from Boulder, CO. to Detroit to make sandwiches.

A BIG-HUGE-GIANT- THANK YOU goes out to the Zain's. Seems that Adrienne was able to get Boars Head (her employer) to donate the sandwich meat & cheese. In addition, she & Wes sliced & organized the products for speedy sandwich making. Before the sandwich making, we sang "People of Kiwanis" and gave the Pledge.

"Dr. Luv" Skip Armstrong, doing his best Alan Almond impersonation, was "making sandwiches with Love", as Tom Tom "Drums" Gillespie was chirping about the 2015 U.S. Open track.

There were eight (8) people scheduled to go down to deliver and distribute the sandwiches.

A Big Thank you to everyone that helped, and to Jerry Assenmacher for keeping this project going.

Looking for some islands,
Capt. Cook
