

June 29 2016

The last long meeting in June, and there were fireworks before the 4th of July. The original speaker scheduled, cancelled, but President Don came through for VP Michalak-with Dr. Burtell, whose office is directly across from our own Dr. Goerke's office, on Michigan Ave. Anyway, Lt. Pat Richardson, of the Dbn. Kiwanis Sheriff Department, was busy collecting "contributions".

We had Circle K guests, Mr. Mall, Daisy, & Ed at the meeting, with a few ready to join us as members. Ray S. led us in "GBA" and Parson Norm gave the blessing. Then Chaos started.

The entire leadership left the dais for the grub line. I was sitting next to Past President Marxer, who tried to propose a fine, but there was no one at the head table to answer his plea.

I guess the craziness of the 2016 U.S. Presidential race was filtered down to the local level. Al Holmes, started his fining spree. He had PP Marxer accept the stewardship of the meeting, then fined Prez Don & VP Linda collectively for leaving the podium unattended. In boating terms- "Never leave the Helm unattended".

Next, Al (being the fashion plate that he is every meeting) fined Renea (our representative @ the Kiwanis Party in Toronto, CANADA) for having her "collar turned up." Now I went to DHS (as did Albert) and know that Renea went to FHS. I know that a Fordson girl can wear anything she wants, and if you have a problem with that you might get a "beat down." Anyway, Mike Marxer being the gentleman that he is, paid that fine (and Mike went to EF).

Before the speaker, Renea gave a very in-depth report on the Toronto Convention. A few tips, take the train and wear comfortable shoes. The ideas that were generated @KIWANICON.

Things talked about "Tradition or Mission", what is the future of Kiwanis, if you look at the past (and around our meetings at the KofC), you see a lot of old white males.

The world is changing, and you have to "Love It, Shape It, Love It" if we are to change with it.

The International DUES increase was defeated. Then Sheriff Richardson said that Renea should wrap-it up, so we could get on the speaker.

Dr. Larry Burtell has been a Chiropractor for 30 years, he grew up in Dearborn, went to St. Al's, is a member of the Dearborn Optimists Club. A very good speaker, gave us 5 good habits to a better life:

- 1) Nervous System
- 2) Diet/Nutrition
- 3) Exercise
- 4) Mental Attitude
- 5) He couldn't remember #5 (I think it is Memory)

Then there was a board Meeting.
